TESTIMONY E ACOM NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pinz Hill, Rich mond County, North Carolina.

Pinz Hill, March 4, 1884.

Dran Sin: I have been a subject of Dyspepsis, in its worst form, for the last live years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drag store to get some medicine for my child and myself. There were reversal of the village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the was not "Hoofland's German Bittera" prepared by yea, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I saked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one at my neighbors came to me for a prescription and medicine, (he a dyspeptic,) and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours,

Dr. C. M. Jackson, Philadelphia.
